

Sudeep Shrestha

UI/UX Designer | Frontend Developer | Graphic Designer

Website: sudeepshrestha1.com.np

Creative UI/UX Designer and Frontend Developer with experience designing intuitive web and mobile interfaces. Skilled in user-centered design, wireframing, prototyping, graphic design, and web development. Passionate about creating visually appealing and functional digital experiences that improve usability and user engagement

EXPERIENCE

Sipalaya Infotech (June 2025 – March 2026)

Designed user-friendly web and mobile interfaces using Figma. Created wireframes, prototypes, and design systems. Conducted UI/UX training sessions and mentored learners. Collaborated with development teams to improve usability.

Freelance (2024)

Designed interfaces and user flows for multiple client and academic projects. Delivered responsive and visually engaging digital experiences.

PERSONAL PROJECTS

Merobyapar – UI/UX Design (2025)

Designed a UI inspired by Karobar with responsive layouts and intuitive user flows.

Sipayala Website- – UI/UX Design (2025)

Designed a modern, user-friendly website interface for Sipayala focusing on clarity and usability.

Yatriya – UI/UX Design (2025)

Created a travel booking website interface focused on accessibility, usability, and seamless booking experiences.

Notflix – Web Application (2024)

Designed a streaming platform interface featuring personalized content discovery, responsive layouts, user-friendly navigation, and an engaging entertainment-focused user experience.

Chat To – Web Application (2024)

Developed a full-stack real-time chat application with modern UI/UX, responsive design, secure user authentication, and seamless communication features for enhanced user engagement.

MINA (My Intelligent Nursing Assistance) – Web Application (2024)

Designed telehealth and healthcare management interfaces, including patient consultation workflows, appointment management, and mobile-first user experiences to improve accessibility and usability.
